

**Academic Collaboration
North Kamrup College
(Gauhati University)
with
Hindu College
(Delhi University)
Under Vidya Vistar Scheme, University of Delhi**

The Vidya Vistar Scheme (V2Scheme) is an initiative of the University of Delhi to establish academic linkages between its Colleges and Departments with the corresponding institutes in remote areas of the country.

Under V2 Scheme, the college has entered into collaboration with Hindu College (Delhi University). We hope that the partnership results in a symbiotic relationship that provides a greater range of opportunities for faculty and students from both the institutions. Sharing ideas and resources can serve as a key to better learning outcomes for students and can go a long way in strengthening student enrichment, faculty skill-enhancement, research environment and cultural inclusiveness at both institutions. We aim to supplement the efforts of our partner institution and also to gain from ideas and experiences of our partner institution.

The DU Brochure for Vidya Vistar Scheme is available at
